Tom and Micah,

Another follow-up item: is there parking available at MPCA's office?

Now that there are more of us participating in the meetings, Denise plans to get a rental and drive to your office on Wednesday from the hotel.

Thank you,
 Pat

Tom,

Thank you. After discussing with Denise, we have a few comments and suggestions:

As you noted, we may want to move the Highway 100 and CR 3/SLP site tour to after the meeting with the Cities. Jamie mentioned that the Cities may want to conduct a site tour with us. We could plan for a shorter tour, e.g. 3-4 PM and then tour SE Hennepin tour afterward, e.g. 4:00-5:30PM. If so, that will free up some additional time Wednesday morning. We could move one of the MPCA discussion items from Thursday, or I could take another 30 min (there is a lot to cover and I want to allow time for discussion).

We thought we should include a recap discussion Thursday morning regarding our meeting with the Cities, and that 30 min for each site should be enough time to discuss Highway 100 and CR 3, SE Hennepin and Northern Heights.

We will need to leave earlier on Thursday to return our rental and check in, preferably about 11:00-11:15. If needed, we could start our meetings earlier e.g. 7:30?

Also, please confirm whether you will have a projector available in the conference room.

Hi Pat --

We've come up with a modified agenda based on the developing meeting with SLP. You and Jamie are probably more in-tune with the timing for the SLP meeting so please let us know if you would like to see adjustments. Right now we're thinking the SLP site tour will probably happen after the SLP meeting so we won't need to block time off for this on the 8th. Let us know your thoughts.

Tom,
 How do you want to revise the agenda based on the meetings with St Louis Park and Edina? Should we now try to make both site visits Wednesday afternoon instead of Thursday AM?
 Do you think I can still have a couple hours on the agenda, either Wed or Thursday morning, to discuss the SA program, how we manage work in the Region, etc?
 Will you have a projector available?
 Thank you,
 Pat

Tom,

Thank you for the agenda. I'll plan to walk over Wednesday morning, it does not look very far.

I'll check in with Denise to see if we should arrange for any managers or other project team members to call in Wednesday afternoon for the Highway 100 and CR 3 and SE Hennepin site discussions.

Thanks Pat --

Glad to hear you were able to get your travel arrangements squared away. I'd be happy to swing by your hotel on Wednesday morning to pick you up if you'd like.

We prepared a draft agenda for your review. If there are any adjustments you would like to make just let me know. Since your flight leaves at 1:10pm on Thursday we can adjust the site tours to accommodate. My thought was that we could drive the sites to give you an idea of the site/plume areas along with some of the potential sources for each site.

We're thinking about starting at 8:00am on the 7th. Our full SA team will join us for the first half of the day on Aug 7. After lunch we've blocked off time to discuss Hennepin, SLP, and Northern Heights.

Thanks
Tom

Subject: MPCA visit itinerary

Tom, Greg and Micah,

I've made travel arrangements, no one else in our site assessment group confirmed they would be making the trip.

I arrive around 5:30 PM Tuesday, 8/6/19, and am staying in downtown St Paul, not far from MPCA's offices. I'll take a cab or rail from the airport.

Please let me know what time you would like to meet at your office Wednesday morning.

My return flight is early Thursday afternoon, departing 1:10 PM, which should allow time to view Highway 100 and CR 3 and Hennepin that morning.
